

- Discovering devices: When gateway icon appears in the "Discovering devices" list, click "Add" button, add the device to the App as prompted.

Product Specifications

Product Name	Wireless Multi-mode Gateway
Product Model	TYGWZB-01N
Power Input	5V \equiv 1A
Working Temperature	-10°C~+45°C
Working Humidity	10%-90%RH (non-condensing)
Wireless Protocol	Wi-Fi、Zigbee、Bluetooth
Product Size	62mm×61.8mm×15.3mm
Net Weight	About 30.0g

Packing List

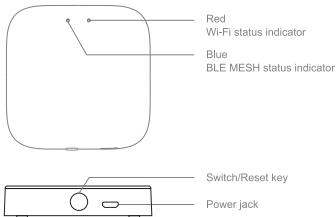

- Wireless Multi-mode Gateway x 1
- Power cable 0.5m x 1
- Instruction manual x 1

Wireless Multi-mode Gateway

Product Instruction manual

Product Description

Wireless Multi-mode Gateway is the control center of smart home. Zigbee control, Bluetooth Mesh control, BLE control and Beacon control are supported. Through Smart Life App, users can Operate device addition, device reset, third-party control and Zigbee group control, Bluetooth group control, and meet the requirements of smart home and other applications.

Preparation

1 Download and open the App

Search for "Smart Life" in the App store or scan the QR code in the manual to download and install the App. Press the "Register" button register an account if this is your first time use; if you already have an account, press the "Login" button.

2 Power on the gateway, ensure that red indicators of the gateway are flashing. (If reset is required, press and hold the reset button for more than 5s before releasing)

3 Please close the mobile phone to the gateway, and turn on your mobile phone's Wi-Fi and Bluetooth to ensure that your mobile phone and the gateway are in the same router network

4 On the App's Home page, Click the "+" in the upper right corner to add a device

- Add Manually: Choose "Add Manually" -> "Gateway Control" -> "Gateway" -> "Multi-mode Gateway(BLE+Zigbee)", add the device to the App as prompted.
